

Rahul Shah

36 Woodhollow Road, Princeton Junction, NJ 08550

As an aspiring computer scientist and researcher, I have an interest in making things that will change the world!

EDUCATION

University of California, Berkeley

May 2020 - Present. 4.0 GPA. Coursework: EECS 61A, EECS 61B, EECS 70, ECON 2.

ACTIVITIES

Questlin — Lead Backend Developer; Head of Outreach

Led a team to develop an App that currently has hundreds of cumulative Downloads through the iOS AppStore and Android PlayStore. [Featured on the App store](#). Tested by official 501(c)(3) nonprofits in multiple states and [won the 2019 Congressional App Challenge](#) for helping to promote volunteering

Genesis Code — Co-founder

Co-founder of local 501(c)(3) nonprofit organization that teaches coding (Java & Python) throughout multiple local locations (resources page has been accessed from 50+ countries). Held in multiple libraries+other local locations.

Robotics — FRC 1923 Programmer + FLL 5991&5993 Mentor (2016 - PRESENT)

- Developed Autonomous Field Tracking, Sensor Code, & helped teach Java + WPILib programming classes. Made Worlds every year and was recognized for engineering excellence in Worlds twice. Robot placed 1st at Mount Olive District, winning the event championship.
- Help facilitate meetings, teach, guide and excite the all minority team in STEM. One team placed at Worlds and the other won the championship at the Hunterdon competition.

WWP HS South

- Director of Technology - Math Club.
- President of WW-P HSS Tech Desk:
Oversaw and resolved tech issues while helping with daily library activities. Offered students volunteer hours for their help
<https://wwphsstechdesk.team>

WORK EXPERIENCE

STEAMWORKS, Princeton (Summer 2019)

Teach Advanced Robotics & Programming to Middle schoolers every weekend. Teach not only how, but to be passionate: <https://steamworksstudio.com>

RESEARCH EXPERIENCE

Undertook a research assignment utilizing Python, TensorFlow, along with various data samples from high-school students to gather hard statistical evidence to initiate change to the trial-and-error approach of the current education system. Utilized Machine Learning and Linear Regression to gather statistics to prove that starting school later would be more beneficial to the well-being of students at my school.

AWARDS

Ranked 5th in CSAW Red 2019	Ranked top 10 in BCTF 2019
Ranked top 40 in HSCF 5	Ranked top 50 in PicoCTF 2018
Ranked top 60 in HSCF 6	The President's Volunteer Service Award

PROGRAMMING LANGUAGES

Java, Python, Git, Shell, HTML, React, Node.js, C#, PHP, C/C++, Matlab, SQL

SKILLS

Machine Learning, Website Dev, Android Dev, Tensorflow, Unity3D, Django

LANGUAGES

English, French, Gujarati, and Hindi

(609) 900-6337

PROJECTS — APP DEVELOPMENT

Class Reveal

Co-Founder + Team Leader
Led team to create a [site](#) that allows students to view their class rosters by crowd-sourcing. 2018: 2105 users; 2019: 2876 users;

KleanGums

Featured in the [Google Play Store](#):
Analyzed a picture of a user's gums and their health status from a Convolutional Neural Net model trained through an open-source Kaggle dataset

RiskWatch

React.js Application developed for CHUBB — Was recognized as one of the top 10 projects that address risk and disaster by the [University of Pennsylvania's Wharton Risk Center](#)

NoiceML

Translated videos in live time with time-stamped notes — utilized google cloud libraries and machine learning - [Executable available](#)

Areawave

A crowdsourced based news/blog website. Won the Maker's Choice Prize

SouthMaps

Shows students how to get from one class to the next within the shortest possible walkable path.

COMMUNITY SERVICE

STEP For a Better World: President, Volunteer (2014 - PRESENT)

As a Leo Club nonprofit organization, we helped the community through various outreach events; planned/executed events. Constructed [STEP's website](#).

Project Pride: President, Volunteer (2014 - PRESENT)

Helped younger kids with teamwork, and collaboration skills to encourage their public speaking. Created [a dynamic website](#) to document club trips & organize meetings.

American Cancer Society: Volunteer (2016 - 2018)

In 2017, I led fundraiser efforts for the relay with the highest amount (over \$5,000) gathered from my team.

[Created site for a local campaign](#)
